Innovative Software Developer Intern known for high productivity and efficient task completion. Possess skills in data analysis, algorithm development, and neural networks. Excel in problem-solving and adaptability, ensuring innovative solutions in ML projects.

Skills

- **Languages:** Python, JavaScript, C, C++
 - **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Vite, Figma
 - **Backend:** Node.js, Express.js, REST APIs, JWT Auth
 - **Databases:** MongoDB, SQL, Firebase
 - **Core CS:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Operating Systems (OS), Database Management Systems (DBMS)
 - **Tools & Platforms:** Git, GitHub, Postman, Power BI, MS Excel, Python - Selenium, BeautifulSoup
 - **Machine Learning & Data Analysis:** TensorFlow, ResNet50, CV2, Pandas, Yolo model, PyQt5
-

Education

Misrimal Navajee Munoth Jain Engineering College

Grad:06/2027

B.Tech in Computer Science and Business Systems • Maintaining a CGPA of 9.0 • Chennai, Tamil Nadu, India

Indira Gandhi National Open University

Grad:06/2027

B.A. English Literature Honours • Chennai, Tamil Nadu, India

Experience

1. [DonutTech Private Limited](#) • [Software Developer Intern](#) • Chennai, India 20/08/2025 – 20/10/2025
 2. [Sortyx Ventures Private Limited](#) • [Internet of Things Intern](#) • Chennai, India 21/07/2025 – 20/08/2025
 3. [Prodigy Infotech](#) • [Android Developer Intern](#) (Trainee) • Chennai, India 01/04/2025 – 30/04/2025
 4. [Retech Solutions](#) • [Machine Learning Intern](#) (Trainee) • Chennai, India 17/02/2025 – 18/03/2025
-

Projects

1. **IOT data integration at [Sortyx](#)** (Codebase company confidential and not on my GitHub)
Skills: PyQt5, Ultralytics's Yolo model, and firebase_admin to handle the database
Summary:
 - Scraped large volumes of data from TTN and pushed them into the database, and created a dashboard for the company.
 - Handled real-time projects in a hybrid environment and helped automate their smart bin using IOT sensors.
2. **Sortyx Dashboard interfacing** (Codebase company confidential and not on my GitHub)
Skills: HTML, CSS, JavaScript, React, Figma
Summary:
 - Created multiple dashboards and helped in developing their e-commerce website [YuvaIOT](#).
 - Redesigned their company logo and product catalogue using Figma.
3. **AI-Powered IT Return Support Service Agent at [DonutTech](#)** (Codebase company confidential and not on my GitHub)
Skills: Selenium and BeautifulSoup libraries in Python
Summary:
 - Development of the Income Tax Return (ITR) Support Service Agent, focusing on optimising the client-side experience within the Chromium environment using Selenium.
 - Implemented and refined browser-level functionalities that integrated seamlessly with the company's AI-driven support platform.

4. DonutTech Website Modernization (Codebase company confidential and not on my GitHub)

Skills: HTML, CSS, JavaScript, React

Summary:

- Modernized the company's website and collaborated with cross-functional teams to debug, test, and enhance user-facing modules, demonstrating strong problem-solving and teamwork skills.

Other AI/ML Projects of Interest:

5. [Aircraft Detection](#)

Skills: Python, OpenCV (CV2), Computer Vision, Image Processing, Machine Learning

Summary:

- Developed an aircraft detection system using OpenCV (CV2), leveraging computer vision and image processing techniques for object identification in aerial imagery.
- Applied preprocessing methods such as image enhancement, noise reduction, edge detection, and feature extraction to improve detection and classification performance.

6. [Fabric Detection](#)

Skills: Python, TensorFlow, ResNet50, Deep Learning, Data Augmentation, Computer Vision

Summary:

- Developed a fabric classification model using TensorFlow and the ResNet50 architecture to identify and categorize fabric types from image datasets.
- Applied data augmentation techniques including rotation, flipping, scaling, and brightness adjustments to improve model generalization and reduce overfitting.
- Trained, validated, and optimized the deep learning pipeline through image preprocessing, hyperparameter tuning, and performance evaluation to achieve robust classification accuracy.

7. [Sentiment Analysis](#)

Skills: Python, OpenCV (CV2), NLTK, Machine Learning, Data Processing

Summary:

- Developed a multimodal sentiment analysis pipeline by integrating text-based sentiment extraction using NLTK with image feature processing using OpenCV (CV2).
- Implemented text preprocessing techniques including tokenization, stop-word removal, and sentiment scoring, while extracting visual features from images for combined analysis.

8. [Android Utilities Suite](#)

Skills: Android, Express.js, Node.js, REST APIs

Summary:

- Built Android utility applications including Calculator, To-Do Manager, and Tic-Tac-Toe using Express.js and REST APIs.
- Handled asynchronous operations, error recovery, and application logic for a seamless user experience.

Certifications

- Certified as a Silver Elite in Python for Data Science: [NPTEL](#) from IIT Madras.
- Certified in [Linux](#) programming during an academic internship conducted by Anna University, Guindy.
- Attended [bootcamp](#) on recent developments in AI by Smarted.
- Certified in [Python Programming](#) from Infosys Springboard.
- A Certified [Advanced Diplomat in Python programming](#) from CSC Computer Education Private Ltd.
- A Certified Advanced Diplomat in Music, [Violin](#) from BSS University and [Violin Grade V](#) in Annamalai University.
- Interned at TechVedhu as a [UI/UX designer Intern](#).

Accomplishments

- **Academic Excellence:** 3rd-year student at Anna University, CGPA 9.0 (Roll No. 311623244005, DOB: 16-01-2006).
- **Literary Pursuits:** Avid reader and writer(); co-author of [Hidden Beads](#) anthology (available on [Amazon](#)). Currently penning a novel.
- **Arts & Culture:** Professionally [certified Classical dancer](#); participant in [Guinness World Records](#) and India & Asia Book of Records. Achieved Global Star 2024 title from the American Institute of Culture and Management for [Vocal](#) & [Violin](#). Hindi [Praveshika](#) certified.
- **Sports Achievements:** [Karate Blackbelt](#) — [Silver Medalist](#) at 38th State Tournament; [1st Place in Kata](#) (South Indian Championship); [2nd Place in Kata](#) (International Championship). Winner in [Football](#) at Zonal Level.
